

In a Nutshell

Liberty Trust is a NZ charity that is committed to teaching financial principles from the Bible and applying these in the financing of homes for all. The result of its work is living proof that the Bible's financial principles are as true today as the day when they were written.

Since commencing in 1989 the Trust has become known for its radical challenge to the Kiwi cultural belief that it's okay to borrow as much as you can, and live without thought to the future for you and your loved ones. Liberty Trust presents a Biblical alternative to the traditional method of borrowing for a home by encouraging sharing, sowing & reaping, stewardship, and interest-free lending to enable everyone to own their own homes debt-free as soon as possible.

In Bible times, families and extended families pooled together to provide homes to newlyweds. Commercial money lending was abhorred for the simple reason that the Israelites were commanded in the Bible to lend to each other without interest. Today the Western world has replaced this culture with commercial mortgages, often lasting for the remainder of one's working life and costing twice as much as the cost of the home.

The Bible principle regarding debt: *"The borrower is servant to the lender"* (Proverbs 22 v 7), applies when we are borrowing (renting) a home from a landlord, as tenants must follow rules and pay what is demanded, often being trapped in renting their whole lives. Liberty Trust is committed to reversing this culture of long-term debt. By following Bible principles you can experience the liberty and security of owning your own home without debt, while helping others do the same.

We have each been uniquely and deliberately created by God for a special purpose. This includes the responsibility to wisely use the finance and talents He has given to us. We cannot truly achieve the liberty and purpose God planned for each of us while we live in debt, needlessly wasting God's funds on rent or interest.

How Does It Work?

About 8-10 years after joining, or sooner as funds become available, Ark Resources Ltd will offer to each member an interest-free mortgage of six times the contributions they have given to the Trust.

For example, if you have contributed \$50,000 to Liberty Trust you would be offered an interest-free loan of \$300,000. Your contribution remains with the trust, growing the storehouse so we can help many others.

We recommend contributors give a regular amount by bank automatic payment. You can stop, re-start, increase or reduce according to your circumstances. For example, you can continue giving for more than 8-10 years if you need to borrow more. Memberships are transferable and can be passed on to family members, loved ones, churches etc, at any time. Every dollar received is continually being loaned and repaid, then loaned again and repaid etc. many times over. It's all about advancing God's Kingdom; 'People – not profit'.

The Trust lends up to 100% of valuation - so a deposit may not be needed. However, we cannot give mortgages to those who don't meet normal lending terms, such as the ability to repay. We trustees are stewards of God's money just like you. Lending terms are on the back of the form entitled "Request to join the ministry of Liberty Trust".

The Trust's vision for the future is huge. Since 1989 the Trust has given more than 500 interest-free mortgages totalling over \$55 million, all without receiving grants or borrowing. Every dollar given is re-lent again and again. The Trust is now lending around \$5 million each year, all interest-free and without borrowing.

Children, Teens & Students

We recommend that parents & grandparents' part-sponsor their children or grandchildren while at school or tertiary training from as little as \$20/ week **and teach them why**, until they take over the contributions themselves when they commence earning.

Membership in Liberty Trust gives them both the encouragement and purpose during their schooling and employment to save for a home, and the practical system to achieve it while young. They may be able to buy their own home for themselves in their late 20s, and be completely debt-free in their 30s. In turn they may sponsor their own children, and they theirs, and so on. You will have begun an interest-free family heritage.

Liberty Trust is also a fantastic way for churches and charities to build, purchase or renovate their buildings and become rent and debt free. Instead of requiring a deposit of 40% and charging commercial interest-rates we only require a 17% contribution and then lend interest-free, often saving churches hundreds of thousands of dollars for God's Kingdom.
