To Whom It May Concern

In reference to Mr Kelvin Deal

This letter is to introduce to you a member of our Fellowship, Mr Kelvin Deal. He is also Chairman of Liberty Trust which is incorporated under the Charitable Trust Act 1957.

Prior to inception of the Trust, Kelvin and his wife Kathleen were key movers in its planning and establishment. Hundreds of hours were spent researching and documenting the formula.

Liberty Trust is a gift of God and Kelvin, with others, is a faithful administrator of its function. We rejoice together in seeing the freedom that comes to folk who have already won ballots and now pay no interest on their mortgages and can achieve success in managing their debt through the out-working of Liberty Trust.

I know Kelvin will be a tremendous blessing to you as he shares from the joy of his heart and what he has seen God doing - especially in the area of finance. You and your people will be greatly encouraged!

Kelvin, and Kathleen, come to you with our full support and highest commendation.

Kind regards
